

Environmental Policy Statement

ECUS Ltd is a provider of first class environmental consultancy advice to clients nationally and internationally. ECUS' core business involves improving the environmental performance of other organisations and ECUS recognises that its own activities and operations have the potential to impact on the environment. ECUS, therefore, has an obligation to manage and minimise these impacts.

ECUS is committed to:

- Minimising waste products from all processes;
- Maximising the efficient use of energy and water;
- Reducing the impact of travel/transport;
- Providing the most technically accurate advice that promotes current best environmental practice;
- Preventing pollution wherever possible;
- Complying with all environmental legislation, applicable consents and codes of practice to which the company subscribes;
- Continual improvement in environmental performance.

ECUS will achieve these commitments by:

- Working towards establishing an environmental management system to the requirements of the International Standard ISO 14001:2004;
- Setting and reviewing progress towards environmental objectives and targets and management programmes to ensure continual improvement;
- Providing environmental training for all employees to understand the company's environmental policies, objectives and programmes and their role within them;
- Including environmental considerations in our Procurement Procedure;
- Ensuring the company understands and complies with the requirements of all environmental legislation, guidelines and codes of practice applicable to the organisation;
- Working with suppliers and contractors to encourage the adoption of environmentally responsible practices.

Responsibility for ECUS' environmental policy and the actions of the Environmental Task Force lies with the Managing Director.

This policy is publicly available on request.

Signed

A handwritten signature in blue ink, which appears to read 'Christopher J.S. Routh'. The signature is fluid and cursive.
